**REQUEST INFORMATION**

# Why Survivorship Standards Matter

- Helps survivors live fully
- Guide health systems to provide better care
- Support caregivers and care teams
- Based on real needs and voices of survivors

# What Are Survivorship Standards

## Policies

What clinics  
*promise*  
to do

## Processes

What actually  
*happens* for  
survivors

## Evaluation

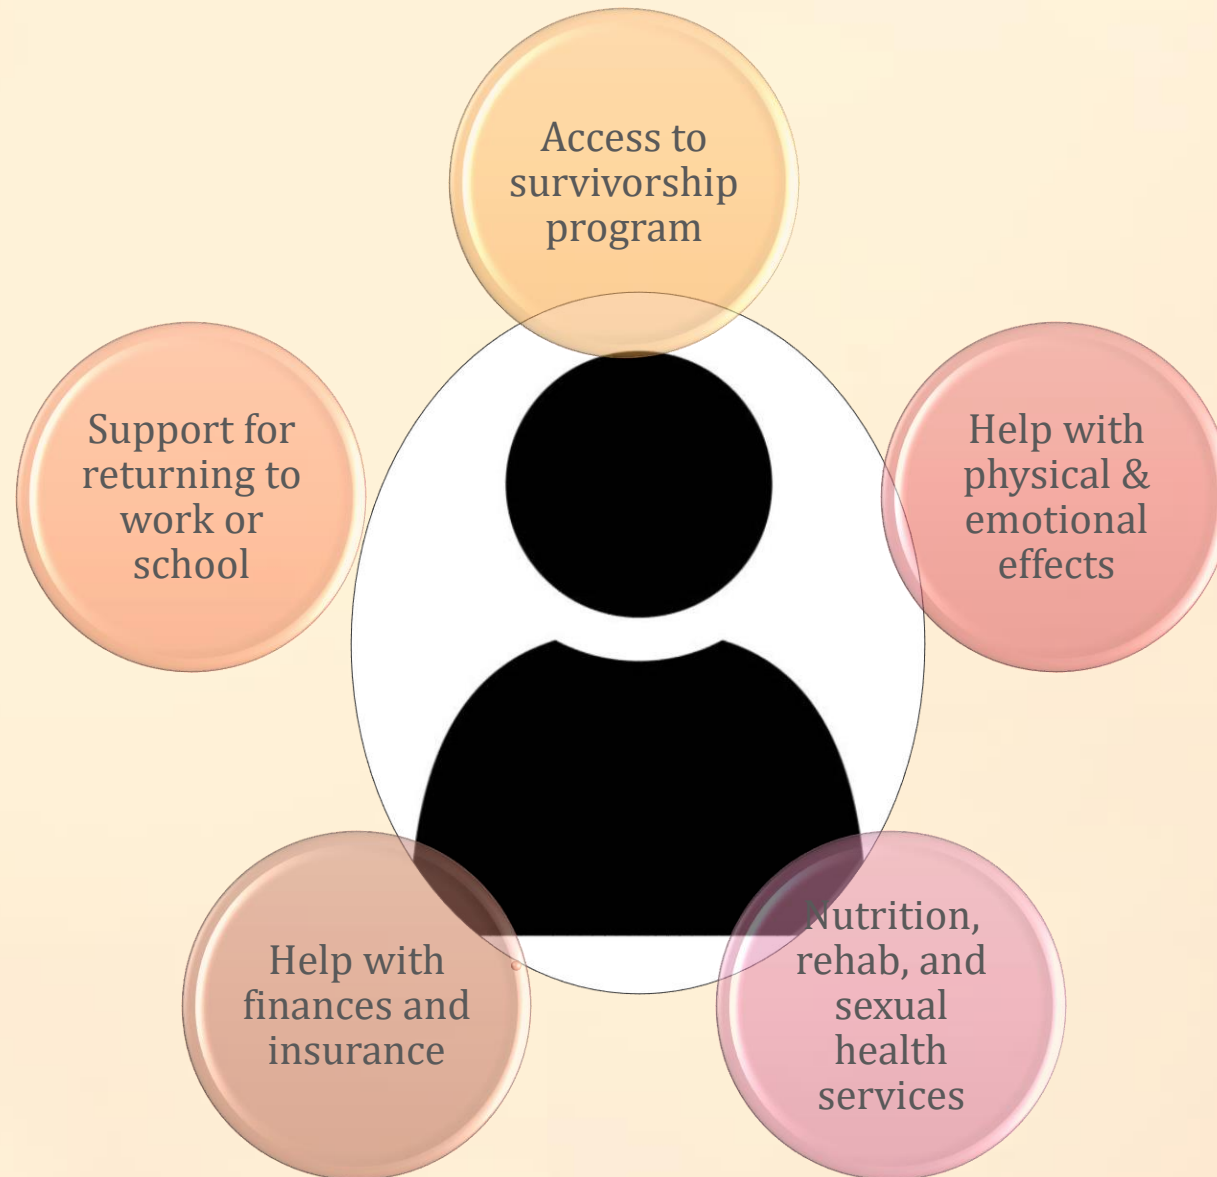

How they  
*check if it's*  
*working*

# What Do These Words Mean?

- **Survivor** – Anyone from diagnosis onward
- **Policy** – Rules that say how care should happen
- **Process** – Rules that say how care should happen
- **Evaluation** – Tracking how well care is working

# Good Care After Cancer Includes...

# Supporting the Whole Community

- Resources for caregivers
- Services in different languages
- Culturally sensitive support
- Navigators, social workers, and interpreters

# What It Means For You

- **Survivors** – More support, better follow-up
- **Caregivers** – Help for your journey too
- **Medical Staff** – Clear guide to deliver quality care

# Together We Thrive

“Cancer may have started the fight, we we’re here to finish it together.”
